

## THE MANSION OF SARATOGA

Thank you for your interest in The Mansion of Saratoga for your upcoming wedding!

In 2001, my family purchased an old and unloved Victorian mansion and had the vision to restore it to its original grandeur and resopen as The Mansion Inn Bed + Breakfast.

Since then, our beautiful home + property mixed with our passion for service and building relationships, organically grew and The Mansion of Saratoga was born. We quickly became one of the top wedding locations in the Capital Region by partnering with each couple to create their own unique wedding experience.

We couldn't be more proud of the business our team has created, memories shared and the friends we have made. When you walk through our front door you become a member of the Mansion family.

I look forward to scheduling a private tour and being able to personally show you around our beautiful and historic property.

Welcome home!

Leri

Exclusive location

Tracey Buyce Photography

# only at The Mansion of Saratoga
